

Dear ,

An exciting opportunity in the area of engineering and technology is coming to Collier County this spring. For the first time, a computer programming competition will be hosted on the campus of the Community School of Naples. All local area high schools have been invited to participate and have responded with great interest. Introducing this event into our community will create a setting where science and technology are celebrated and where local young people are encouraged to become the next leaders here and beyond. Local students will have the chance to learn and develop leadership skills, teamwork, engineering and design skills, and foster camaraderie among like-minded students across the county. Thank you for taking the time to see how your corporation can make a difference.

Your support is what enables the next generation of engineers to develop the skills they need to change the world. By encouraging networking with professionals and learning and applying technical know-how outside the classroom, we hope to achieve our goal: aiding in the development of exceptional engineers who can make a positive impact in the future. We invite you and your company to learn more about the competition and to join us in fostering excellence, innovation, and growth in engineering and technology in Collier County.

Our ambitions require financial support. We appreciate all levels of sponsorship, whether your company is willing to contribute money, supplies, or time to come meet with our participants. We would like to extend an invitation to attend the award ceremony to be held March 28, 2015 at 1:00 PM in the field house on the campus of the Community School of Naples.

Thank you again for your time and generosity. More information about the competition can be found at <http://programmingcompetition.org>. Please feel free to contact us with any questions, and we hope to see you March 28th.

Sincerely,

Jacob Buckheit and Craig Schwerin, Community School of Naples Class of 2016

Sponsorship Opportunities

- ☐ Event Sponsor: Community School of Naples
- ☐ Entry Sponsor: \$ 250 *one available*
Sponsorship will allow participants to compete without a registration fee.
- ☐ Prize Sponsor: \$250 *two available*
Prizes will be awarded to each member of the winning three teams.
